Note: Courses taken to fulfill an EPD course requirement cannot be audited or taken pass/fail.

EPD double counting policy:

- 1) Students may double count up to 6 credits in their chosen professional focus area with their specialization requirement. However, only one focus area course (or up to 3 credits) can be a regional course.
- 2) Students may double count an EPD course from our approved political development core courses or our political development focus area to satisfy the Interstate Relations (IR) requirement for the MIA degree (if the course is also an approved IR course).
- 3) Students may not double count an EPD core course towards their chosen professional focus area. However, if they take both economic development core courses (or two different political development core courses), they can count one for their core requirement and the other one for the related focus area.

Concentration Director Approval:

* ONLY when submitting for graduation
