

INTERSTATE RELATIONS

Courses that fulfill the “Interstate Relations” requirement focus on relations between and among states (including **diplomatic, military, and other interactions between and among governments**), international politics and policy, and international institutions. The conceptual and analytical framework for these courses is typically from the political science subfield of international relations.

Students in the Master’s of International Affairs program must complete 3-points to fulfill the Interstate Relations requirement. The following courses satisfy the Interstate Relations requirement:
