MIDTERM AND FINAL EXAMS

Midterm Examinations

Final Examinations

Final examinations are given at the end of each term. The Master Exam Schedule can be found on the University Registrar's website and provides a tentative guide to final examinations. Students are urged to consult the final examination schedule section in SSOL during the early weeks of each term for the most accurate information. Students are expected to be present for the exam period and should plan their schedules to accommodate the scheduled exam times. Examinations will not be rescheduled to accommodate travel, work, or family plans.

Three or More Final Exams Scheduled for the Same Day

If a student has three examinations scheduled during one calendar day, as certified by the Registrar, an arrangement can be made with one of the student's instructors to take that examination at another mutually convenient time during the final examination period. It is the student's responsibility to obtain the appropriate documentation from the Registrar's Office in a timely manner and to negotiate with professors for an alternative date for one of the finals during the official examination period. GS advisors can be helpful to students negotiating such arrangements.

Incompletes

Students must complete all coursework by the last day of exams in a given semester. For students who cannot complete their coursework or are unable to take a final examination, an incomplete for a course in progress may be granted by the General Studies Committee on Academic Standing (CAS) or the Premedical Committee.

The only reasons for which an incomplete will be granted are incapacitating illness, as certified by the University Health Services or a personal physician; serious family emergency; or circumstances of comparable gravity. Students who wish to receive an incomplete must, in consultation with their GS or Postbac advisor, petition the Committee on Academic Standing or the Premedical Committee. When allowed to enroll, students with three or more incompletes will usually be advised to enroll part-time. Undergraduate students with one or more incompletes in the spring term are not allowed to enroll in the first summer term or to study abroad in the summer without permission of the Committee on Academic Standing. Prehealth students with grades of AR in required science or math courses are ineligible for committee support until a final letter grade is recorded.

Incomplete Written Work

Students must complete all coursework by the last day of exams in a given semester. For students who cannot complete their coursework or are unable to take a final examination, an incomplete for a course in progress may be granted by the General Studies Committee on Academic Standing (CAS) or the Premedical Committee. When allowed to enroll, students with three or more incompletes will usually be advised to enroll part-time. Undergraduate students with one or more incompletes in the spring term are not allowed to enroll in the first summer term or to study abroad in the summer without permission of the Committee on Academic Standing. Prehealth students with grades of AR in required science or math courses are ineligible for committee support until a final letter grade is recorded.

Deferred Exams

In situations in which an incapacitating illness prevents a student from sitting for a final exam, the student should contact their advisor immediately to submit a formal petition for an incomplete exam. Students must provide documentation of illness by University Health Services, a personal physician, or an emergency room within seventy-two hours of submitting the petition. If the petition is approved, the student will be permitted to sit for the exam on the dates scheduled by the committee. The student cannot pick the date; they will be notified of the date, time, and place of the exam.

Note: An incomplete can only be requested before taking an exam. Once a student has engaged with examination materials it is usually no longer possible to request an incomplete. In the event that a student experiences a medical issue during an exam, they should let their professor or exam proctor know immediately and ask for guidance.
Incomplete Take-Home Exams

In situations in which an incapacitating illness prevents a student from engaging a final take-home exam, the student should contact their advisor immediately to submit a formal petition for an incomplete. Students must provide documentation of illness by University Health Services, a personal physician, or an emergency room within seventy-two hours of submitting the petition. If the incomplete petition is approved, the student will be given the opportunity to complete a take-home exam at a later time, often five to six weeks following the end of the finals period.

Note: Although some professors may choose to allow students approved for an incomplete to take additional time towards the original exam, in most cases students should expect to complete a new take-home examination under the same time conditions as the original.

Examinations for Students with Disabilities

Students with disabilities must be registered with the Office of Disability Services to avail themselves of approved accommodations and other important services. Students with disabilities are expected to take exams with or at the same time as the rest of the class. However, some students may need special accommodations for exams depending on their disabilities. Each term the Office of Disability Services requests that students provide them with complete and advance information about their examination schedule so that appropriate accommodations can be made if disability-related modifications are needed.
