

KEY TO COURSE LISTINGS

Each course number consists of one or two letters denoting the offering university division or target population, as shown in the chart below, followed by four digits denoting the course number (e.g., ENGL GU4103).

For GS students, the most common course prefixes are GS, GU, and UN.

In the four-digit course number, the first digit sometimes signifies the level of the course, as follows:

- 1000s: Introductory undergraduate course
- 2000s: Intermediate undergraduate course
- 3000s and 4000s: Advanced undergraduate course
- 5000-9000s: Graduate-level courses

Two consecutive numbers joined by a hyphen show that the course runs through both the fall and spring terms (e.g., HIST UN1091-1092).

The courses offered by each department are arranged in ascending numerical order, with the number of points of academic credit following the title of the course.
