

# SIPA EXAMS

Final examinations are given at the end of each term. The Projected University Examination Schedule provides a tentative guide to final examinations and is available [online](#).

The definitive schedule of final examinations is available by November 1 for the fall term and by April 1 for the spring term. Exams are scheduled according to a University-wide [Final Exam Schedule](#) available shortly after midterms. Prior to its availability, students, and faculty should consult the [Projected Exam Schedule](#). Students may access their individual exam schedules in SSOL by clicking on "Schedule," then "My Exam Schedule."

Students who have trouble locating a class on either list should contact the instructor to ensure the class has an exam.

## Fall 2024 Exam Scheduling

Course Code	Course Title	Faculty Name	Date	Day	Exam Starts	Exam Ends	Location
EMPAU630001	Quantitative Techniques	Stuart Ward	12/14/2024	Saturday	1:10 PM	4:00 PM	Check SSOL
